Sanitization of Community Kitchenware Instructions

Attention All Guests

Please follow these directions on how to effectively wash and sanitize shared dishes & utensils

Sanitization is the application of heat or chemicals to clean food contact surfaces in order to reduce the number of disease-causing organisms to safe levels.

4-Step Sanitization Process:

Use 3 sink compartments or dish tubs

1. **Sink 1 – Wash:** After removing all large food particles, wash dishes and utensils in hot (110°F) soapy water.
2. **Sink 2 – Rinse:** Rinse dishes and utensils in clear, clean water to remove all food particles and soap.
3. **Sink 3 – Sanitize:** Submerge all dishes and utensils in a sanitizer solution. Sanitizer solution consists of water and bleach at a concentration of 100ppm.
1 ½ tsps bleach per gallon water = 100ppm
4. **Air Dry:** Place dishes and utensils on rack to dry. Do not use a towel to dry dishes and utensils. They must air dry for sanitizer to be effective.

Thank you for your cooperation!

Mindful Fork Catering

[Mindful Fork Catering | River Falls, WI](#)

Hi! I am Angie.

The chef & catering guru behind Mindful Fork Catering.

I have always had a passion for cooking and creating delicious dishes. From a young age, I was fascinated by how simple ingredients could be combined and transformed into something entirely new.

Food is a universal experience that connects us all. It's incredible how asking "What's for dinner?" can bring people together.

Your fresh, made-to-order meals are my passion.

As for me, I love providing fresh, made-to-order meals for each client. Planning lunch for groups should be stress-free and enjoyable, and as someone who loves to eat, I'm happy to take on the task. The best food is often simple and locally sourced. I started my career at a family-owned pizza restaurant in Baldwin, WI, serving our community and surrounding areas.

Eventually, my passion for farm-to-fork cuisine and local ingredients led me to become a private chef in 2009 and transition to catering.

Now I serve Western, WI, with my catering company, Mindful Fork.

At Mindful Fork, we specialize in providing stress-free event planning and catering services with a keen eye for detail. Our menu options include on-site catering packages, boxed lunches, a buffet, and ready-to-serve options. With years of experience as a chef, I have honed my skills through education, training, and hands-on experience in top-rated restaurants.

I take pride in creating meals that are not only delectable but also visually appealing, believing that food should be a feast for all senses. Therefore, I carefully source the freshest, highest-quality ingredients and incorporate innovative and classic techniques and flavors worldwide. As a chef, I always strive to learn and grow and am eager to explore new culinary horizons.

Thank you for taking the time to learn more about me and my work as a chef. I look forward to creating something special for you soon!

Oasis Del Norte - Food Truck - Great for weddings and events!

Oasis Del Norte

- Eduardo Sandoval Luna, Owner
- Duluth, MN
- For Catering and Information (218) 464-663

The Name Oasis Del Norte, or “Oasis of the North” is our way to bring a little piece of Mexico here to the Northland. I grew up working in my mother’s successful restaurant named “El Oasis” in Jerez, Zacatecas Mexico. It is still a favorite stop for locals today. Now, living up in the Duluth area, I just had to bring my mom’s recipes to the area. It reminds me of home, and my mom, but more importantly I can share my culture through my food. You can experience a part of Mexico when you eat my food. Our real tacos are “clean,” “simple” and “fresh.” The idea is to be able to taste each of the layers of flavor. Nearly everything is made from scratch and we can accommodate special diet requests from Gluten Free to Keto. We source local ingredients when possible. Our carnitas pork is marinated in local craft beer.

Sunset Pet Retreat - Boarding kennel and day care

[sunset pet retreat](#)

Hi, we're Jo and Tim Ullom. We open our SUNSET PET RETREAT boarding kennel and day care for dogs and cats on July 15, 1997. The home away from home is located 2.5 miles west of Shell Lake on Sand Road and 1/2 mile north on Sunset Drive, or 2.5 miles west of Shell Lake on County Road B and 1/2 mile south on Sunset Drive.

As pet lovers ourselves, we know how hard it is to be separated from your beloved pet(s). Our goal is to provide exceptional care for your pet and make their stay with us enjoyable. Rest assured your pet will be comfortable, safe and out to play while you are away. We encourage you to see where your pets are housed. We also encourage pet owners to call us to see how they are doing during stay with us.

We are a small facility which all dogs and cats must have a reservation. Normally we suggest calling in advance to avoid a disappointment. However, if you will be boarding around a holiday or during the summer, we suggest booking well in advance to assure a reservation.

Jack's Tube and Canoe Rental

Jack's Canoe Rental

Jack's Canoe Rental was started in early 60's, renting canoes and inner tubes to resort customers on the Namekagon River. Today, we are a fourth generation family owned business. We have adapted with the paddle sports community to include Canoes, Kayaks, Standup Paddleboards (SUP's), and Inner Tubes. Our staff has over 160 years of outfitting experience on the River. We take pride in being the most established outfitter on the River. We invite you to explore our website, and please give us feed back if we are lacking information in any area. We really appreciate feedback and comments to post to our future customers.

The Namekagon River (pronounced NAM-uh-KAH-gun) is a tributary of the St. Croix River. It is approximately 95 mi (155 km) long and is located in northwestern Wisconsin in the United States. Its course is protected as part of the St. Croix National Scenic Riverway.

The Namekagon River varies from an intimate cold-water trout stream, closed in by a predominantly coniferous forest, to a slow-moving body of water which flows through marsh and swamp land. A narrow, twisting river, it is best navigated by canoe or kayak.

Spooner Lake Island, LLC

W5705 County Highway A, Spooner, WI 54801 US

651-383-8949 | team@classyrusticrentals.com

According to the Geographic Names Information System, the river's name has also been spelled Namakagon and Namekagan. Its name is derived from the Ojibwe language Namekaagong-ziibi, meaning "River at the place abundant with Sturgeons."

The Namekagon River issues from Namekagon Lake in southeastern Bayfield County and flows southwestwardly through Sawyer and Washburn Counties, past Hayward, and northwestwardly into Burnett County, where it joins the St. Croix, 45 mi (72 km) south of the city of Superior. Near its mouth it collects the Totagatic River.

The St. Croix and Namekagon Rivers offer 252 miles of clean water gliding past a lush green landscape, with glimpses of a human presence. Choose to canoe and camp amid the north woods, or boat and fish surrounded by wooded bluffs and historic towns. This river corridor provides a wealth of scenic views and a haven for wildlife.

The Namekagon Is well known in the area for its beauty. Many species of wildlife are abundant for viewing in their natural state. The Namekagon has been quoted as "a great alternative to the increasingly busy boundary waters".

The Namekagon River is the northern tributary of the St. Croix National Scenic Riverway, a federally protected wild and scenic riverway stretching 250 miles through Wisconsin and Minnesota. The Namekagon flows for nearly 50 miles through Washburn County. The National Park Service maintains primitive campsites accessible by water only.

Most of the Namekagon portion of the riverway is entirely undeveloped, offering kayakers/canoeists a genuine wilderness experience. The riverbanks are abundant with deer, muskrat, beaver, turtles and blue herons. Osprey and bald eagles are also seen.

The Namekagon River offers everything from rapids for the experienced kayaker/canoeist to wide, quiet flowages below the dams. Trout fishermen can meet their challenge, and anglers will fish to their heart's content. In most places, no development has been allowed within sight of the river, providing miles of unsurpassed beauty for canoeists and hikers. Tubing is one of the most popular ways to enjoy the river.
