Sleeps 6

1 Queen bed
 4 Twin beds *2 lower, 2 upper bunks*

Bath 5 Shares with Bedroom 6

Good to know

- Dashed icons are convertible sofa beds. Bath badges: filled = private to that room, outlined = shared; rooms with the same bath number share that bathroom.
- Sleep counts: King and Queen beds count as 2 guests; Twin beds and the sofa bed count as 1.
- Standard-height beds (a king, a queen, or a lower bunk that does not rest on the floor): 18 of the 24 beds. Upper bunks, floor-level beds and lofted beds are not standard height; each card notes them.
- The third floor Loft is an open sleeping area rather than an enclosed bedroom (no closet).
