Good to know

- Dashed icons are convertible sofa and chair beds. Bath badges: filled = private to that room, outlined = shared; rooms with the same bath number share that bathroom.
- Sleep counts: King, Queen, Queen sofa beds and the Game Room hide-a-bed count as 2 guests; Twin, Twin XL, twin sofa and chair beds count as 1. Cribs are not counted.
- Standard-height beds (a king, a queen, or a lower bunk that does not rest on the floor): 26 of the 65 beds. Upper bunks, floor-level bunks and lofted beds are not standard height; each card notes them.
- Two portable folding cribs (listed under Bedrooms 9 and 13).
- The three lofts are open sleeping areas rather than enclosed bedrooms, with ceiling heights of 40" to 72". The Game Room hide-a-bed is in the Clubhouse.
- The Bunkhouse is counted as a bedroom but has no running water; it shares Bath 11 in the Clubhouse with Bedroom 16 and the Game Room.
